### PROFESSIONALS

- An appropriate platform to share information, trends, ideas pertaining to healthcare issues and to suggest solutions.
- AHMP can reach out to the concerned authorities to apprise them of situations, concerns and seek actions wherever required.
- Members can attend a series of seminars/ webinars and workshops where experts disseminate knowledge and share their views.
- Member organisations will be eligible for discounts in national and international events organised by AHMP
- This being an ongoing event , current information exchanges help members stay updated. Members can be both speakers and participants based on their areas of special interest and expertise.
- Program calendar circulated in advance help members plan their schedules accordingly.
- Both national and international domain experts' involvement provide members with perspectives in various healthcare technical and management issues. CME credit points for the healthcare programs is a value add.
- Member organisations will get the chance to participate in our exchange programs, programs which gives member staff the chance to learn best practices and experiences from other associate member Hospitals.
- Net work: Join a Community of Practice focusing on an all aspect of health care that matter to you.
- Make your Voice heard and be recognized as a part of community working to enhance patient safety and quality improvement.

### STUDENTS

- Healthcare Management / Medical/ Nursing students stand to upgrade their knowledge through AHMP programs .
- Participation certification by a recognized university for all AHMP/ UNIVERSITY collaborative programs is a great help for students in career pursuits.
- Wherever possible, AHMP can help students in getting internships based on merit.
- Exposure to the seminars/webinars help students to understand current scenarios in various healthcare areas.
- Opportunity to participate in Camps organized by AHMP and learn from the experience.
- AHMP's select programs in healthcare management subjects provide opportunity for students to take up administrative or management trainee assignments in hospitals.
