Dear Mr Mahalingam,

Congratulations on the Man of the Year Award Announcement!! It is very well deserved and it is good that it is recognized. When my husband and I visited Shankara Nethralaya so many years ago my husband had undergone a cataract surgery. My husband was just a patient. We had gone to you with some query; I don't remember now what it was. But we do remember the great care you took to give us an answer. You also gave us your visiting card in case we had any questions in future. It shows your care and understanding. From time to time you send us the latest advances in Shankara Nethralaya. We share it with our friends and we know that if anyone from here wants to go for treatment to Shankara Nethralaya we can always give your reference to be assured of the best of guidance.

Warm wishes,
