

Shri M M Rajendran, IAS (Retd)
Former Governor of Odissa

Dear Shri A Mahalingam,

I am happy to send you a message of greetings and wishes for success of your project to bring all healthcare professions under one banner. If the idea catches up, and I am confident that it will, be a boon to the health care industry.

I guess the initiative will include all categories of health care professionals, particularly doctors.

I wish your project all success.

M.M. Rajendran
